Career Summary: I'm a User Experience & Interface Designer with over 3 years of experience shaping web and mobile products that people love to use. I focus on solving real user problems while keeping business goals in mind, turning ideas into interfaces that feel intuitive and polished.

Key Proficiencies:

- User Interface & Experience Design
- Design Systems (Figma-based)
- Usability Testing
- Information Architecture
- Product Management Collaboration
- Interaction Design
- User Research
- Component Library Development
- Team Leadership & Mentorship
- Front-End Development

Professional Experience:

*UI/UX Designer, **Ofspace Digital Agency** (On Site), **Sylhet, Bangladesh***

Dec 23 to Aug 25

- Worked on more than 20+ successful projects with the team by converting intricate-specifications into user friendly, intuitive interfaces.
- Led weekly case study team, mentoring teammates and improving the agency's UX portfolio standards.
- Led a weekly case study initiative; published 7 case studies on Behance & acquired 40+ new clients.
- Contributed to creating the Space Design System from scratch to launch, including components and UX guidelines

*Associate Product Manager, **Unflip** (Remote), **Houston, Texas, United States***

Jun 23 to Nov 23

- Learned how product ideas evolve through iteration, feedback cycles, and continuous improvement.
- Analyzed feedback and analytics to shape MVP roadmap and launch plans for the clients.
- Helped write user stories and product requirements aligned with business and technical goals.

*User Interface Designer, **Xen Startup** (On Site), **Sylhet, Bangladesh***

Mar 22 to Jan 23

- Collaborated 10+ projects (Graphics & UI) with 100% client retention rate
- Created modular UI libraries reused across 8 projects, saving 120+ design hours.
- Managed the company's social media and handled client management.

Academic Qualification: B.Sc. in Computer Science & Engineering, Leading University, Bangladesh (2022)

Certifications: Advance UI/UX Design, Motion Design Basic by Shahdin, Design 100 by Xen Startup, Google UX Design Certificate.

Community & Events:

- Lead Organiser, Design Tour Sylhet 2024
- Save Animal (Team Mukto), Co-Founder
- WordCamp Sylhet 2024, Volunteer
- Bdapps National Hackathon, Volunteer

Technical Skills: Figma, Figma AI, Figma Dev, Claude, Storybook, Vo.dev, Mic. Copilot, Cursors AI, Photoshop, Midjourney, Zeplin, Jira, Notion, Miro

Language: Fluent in Bengali, Hindi and English (IELTS Score: 6.5)
